
Journal #3: Make it Rain!

- Do you enjoy the rain? What's the best thing about the rain? What's the worst thing about the rain?
- Write a story about a world where only rainy days exist. How would the people live and what would they look like?
- Write a story that ends with a kiss in the rain.
- Write a story about a character that has the superpower to make it rain. However this character has no control over what it rains.
